Help Utilities Weather the Storm

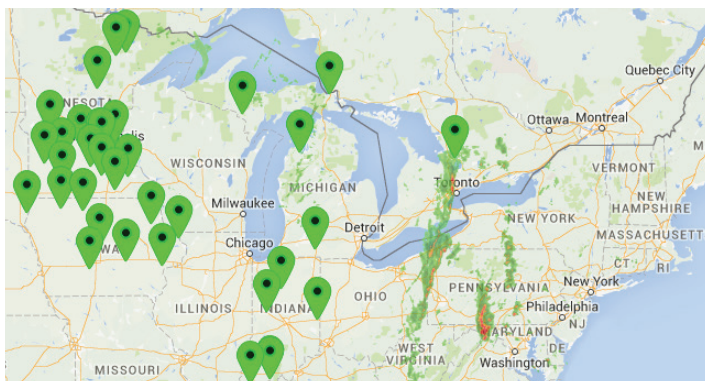

Become a part of the only utility emergency preparedness and response platform – Veracity Connect

Veracity Connect is the category-defining platform of choice for thousands of Electric Cooperatives, Municipal Electric Systems and Investor Owned Utilities. The trend of increases in storm activity and extreme weather events has reinforced the need to ensure that utilities are prepared to respond.

With Veracity Connect, Emergency Coordinators have instant access to your company profile, available crews and equipment to proactively prepare for and collaborate during disasters.

Make sure your business is notified when help is needed. Join Veracity Connect today! Member Utilities are looking for support from:

- Electrical Contractors
- Pole Line Contractors
- Tree Trimming Crews
- Equipment Suppliers
- Back Up Power Providers
- Environmental Services Providers

Join today to become a member of the North American Emergency Response platform!

Why Partner with Veracity Connect™?

- Access to thousands of North American Utilities looking for available resources and equipment
- Utilities have access to your resources 24/7 and can contact you directly
- Self-service access allowing you to keep your information up-to-date
- Utilities can find your information quickly using multiple search functions and mapping tools
- Collaborative group interactions and instant notification when help is needed
- Feedback tracking and references
- Mobile integration
- Easy data integration and uploads
- Open up new sales opportunities across North America
